

**At The Ambleside Centre, we take the health and safety of your children, our families and our staff very seriously.**

**We will follow DfE guidance on Covid regulations at all times and will do everything we can to minimise the risk**

We will

- Encourage hand washing of all children and visitors on entry to the Centre
- Wherever possible keep your children with a minimal number of specific adult staff and maintain group “bubbles” with other children
- Do our very best to continue to offer fun, stimulating and educational experiences at the Centre during your child’s sessions
- Reduce wherever possible the use of shared resources and facilities across our bubbles
- Increase the frequency of cleaning throughout the Centre

We ask

- All adults to drop their children off in the designated areas in Reception; to minimise contacts please do not go through to the nurseries unless agreed by a member of staff
- all adults to socially distance wherever possible (we recognise that our very young children will not be able to socially distance, but please do not encourage your children to seek hugs from our staff)
- That no adults or children visit the Centre if they have any Covid-19 symptoms and that we are informed of this
- Any adults or children showing symptoms of Covid-19 to follow government guidelines and self-isolate for 14 days
- That you show kindness and respect to all our staff at all times – they too are following very strict procedures during this difficult time

Thank you for your support during these difficult times.
